

## DAL THE LONG SUPPRESSED STORY OF ONE WOMANS DISCOVERIES AND THE M

So he came to feel that those hours were true meetings with her, and he lived for them, without knowing what he lived for until his feet were on the cobbles, and his eyes on the harbor and the far line of the sea. Then he remembered what was worth remembering..The Creation of Ea is the foundation of education in the Archipelago, By the age of six or seven, "Why do you say nothing?" I asked. I had to clear my throat..her hand on it. Everybody gasped and muttered, "Avert! Avert!" except Tawny's youngest daughter, completely. A small mouth in an uncertain smile, the lips painted, the nostrils also red inside -- I."So the vulgar call it, or quicksilver, or the water of weight. Her 'can't' did not mean 'won't'.."I think Irian of Way may have come to us seeking not only what she needs to know, but also what we need to know." The Doorkeeper's tone was equally sober, and his smile was gone. "I think this may be a matter for talk among the nine of us.".When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked farther than the shores of Roke.."They sent me here. They said, "All the foreigners in one basket."" Live alone in a stone cell and learn to be wise! It might not be what you dream it to be, but that, too, you'd learn.".The new student cleaned out the henhouse and hoed the bean-patch, learned the meaning of the Glosses of Danemer and the Arcana of the Enlades, and kept his mouth closed. He listened. He heard what Dulse said; sometimes he heard what Dulse thought. He did what Dulse wanted and what Dulse did not know he wanted.
