The Knoll rose up full in the western sun on their right. Behind them the School sprawled grey and many-roofed on its lower hill. The grove of trees towered before them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot darkness of the trees a stream ran out, green-banked, with many brown trodden places where cattle and sheep went down to drink or to cross over. They had come through the stile from a pasture where fifty or sixty sheep grazed the short, bright turf, and now stood near the stream. I asked..HISTORY OF THE KARGAD LANDS..She shuddered.."Of course," Golden said, pleased with his son's caution. He had thought Diamond might leap at the offer, which would have been natural, perhaps, but painful to the father, the owl who had -- perhaps -- hatched out an eagle..make that gesture. It was not a spell, he thought, watching intently, but a sign. Ayo was watching..At first he had thought Diamond had a knack such as many children had and then lost, a stray spark of magery. When he was a little boy, Golden himself had been able to make his own shadow shine and sparkle. His family had praised him for the trick and made him show it off to visitors; and then when he was seven or eight he had lost the hang of it and never could do it again.."A nose, now, is a useful thing, a salable thing," Hound went on. "Not that I'm looking for..He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and only smeared about on his skin. "I hate mud," he whispered. Then he snapped his jaws and stopped trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very slow, very careful, he began to speak the spell of calling..and the one in the village, which gave the place its name..sometimes weakened and faded. Otter dared not try to summon her..back to the seacoast, where Maharion's army awaited them. No ship of the fleet returned to Karego-"I have to have a single heart. I can't play the harp while I'm bargaining with a mule-breeder. I can't sing ballads while I'm figuring what we have to pay the pickers to keep 'em from hiring out to Lowbough!" His voice shook a little now, a vibrato, and his eyes were not sad, but angry.."Yes," Gelluk said, his deep voice soft and dreamy, "she must be burned alive. And then, only..wizard. I asked, and since I was still holding the cup, I took another swallow of that.."Why do you say nothing?" I asked. I had to clear my throat..that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such..Ayo and Mead were much alike, and Otter saw in them what Anieb might have been: a short, slight, quick woman, with a round face and clear eyes, and a mass of dark hair, not straight like most people's hair but curly, frizzy. Many people in the west of Havnor had hair like that..She started to say something, and did not say it..they blinked out, one by one..him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the..weather, if you have any need of that. The Hoary Man sat near her, his face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There was nothing to fear. There was no harm..was Irioth. Maybe in time he would be another man. No; that was wrong; he must be this man. This..The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonelayer, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port

had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecy one, on a golden warp?" Otter pointed at the low slope that rose before them. "The King's House is there," he said. "But you'll fly again?" They turned back, uncertain. The low sun was still bright on the fields and the roofs of the Great House, but inside the wood it was all shadows..dead, the blind girl who knew the names of things. He told them his trick, and the blind girl..voice, but not a beggar's accent..She began to gasp for breath. In the Dark Time, with no control."Ah," San said, coming to the door, and hemmed a bit. "No need, Master Otak. This here is Master Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and all. Being as how you have all one man can do with Alder's beeves, you see..." All his deals were profitable. It was as if good fortune stuck to him and he could not shake it off. He grew immensely wealthy..I did not know where to look. In front of me stood a man in something fluffy like fur..it included practices otherwise called "high arts," such as healing, chanting, changing, etc..the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of."Isn't it?"..man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife."The wizard let you visit home?" Dragonfly said softly, "From Iria." .file:///D:/Documents%20and%20Settings/harry/D...20%20LeGuin%20-%20Tales%20From%20Earthsea.txt (3 of 111) [2/5/2004 12:33:30 AM].that we enter departing..and that all magic was in the roots of the trees, and that they were mingled with the roots of all."Everything's perilous," Dragonfly said, gazing now through the sheep, the hill, the trees, into still depths, a colorless, vast emptiness like the clear sky before sunrise..Places on the Four Lands, where no warfare or dispute was permitted. This brit. . . well, it's like handcuffing everyone because someone might turn."About the hundred years?" The Summoner lifted his noble, dark face and looked across the room at the pale man, but did not speak. Without a word or gesture he turned away again and left the room. As he walked slowly past Irian, she shrank back from him. It was as if a grave had opened, a winter grave, cold, wet, dark. Her breath stuck in her throat. She gasped a little for air. When she recovered herself she saw the Changer and the pale man both watching her intently..He had just obtained, and was vastly proud of, an arcane treatise from Way concerning quicksilver..He had not thought. He did not put out a finding spell,"So the vulgar call it, or quicksilver, or the water of weight. But those who serve him call him the King, and the Allking, and the Body of the Moon." His gaze, benevolent and inquisitive, passed over Otter and to the tower, and then back. His face was large and long, whiter than any face Otter had seen, with bluish eyes. Grey and black hairs curled here and there on his chin and cheeks. His calm, open smile showed small teeth, several of them missing. "Those who have learned to see truly can see him as he is, the lord of all substances. The root of power lies in him. Do you know what we call him in the secrecy of his palace?" "Where am I, donkey?" he said to it. "How do I get to the town I saw?" "Why didn't you come to me first?" Dulse had demanded. "And then Roke, to put a polish on it?" "There," Anieb said. She pointed at the mountain and smiled. She looked at her companion, then slowly down at the ground. She sank down kneeling. He knelt with her, tried to support her, but she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs and face twitched, her teeth chattered. He held her close against him, trying to warm her.
