under them, and he would know that under the roots of the grass a stream crept through dark earth, "They do, they do," Tuly said. "Everything is hooked together, tangled up!" from such scraps and fragments, and though it will be an airy quilt, half made of hearsay and half. The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. Patterner put it, "bigger inside than outside". She sat down in a patch of sun-dappled shade and. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (89 of 111) [2/5/2004 12:33:31 AM]. She pondered - conversation with her was often a slow business - and said, "Rose always said I had power, but she didn't know what kind. And I ... I know I do, but I don't know what it is." Gelluk's white face had gone whiter; his jaw trembled a little. He stood up, suddenly, as he always did. "Take me there," he said, trying to control himself, but so violently compelling Otter to get up and walk that the young man lurched to his feet and stumbled several steps, almost falling. Then he walked forward, stiff and awkward, trying not to resist the coercive, passionate will that hurried his steps.. could not rouse him. "He is dead," he said. "She's very sick, Rush," the girl said. She looked again at Tern. "You're not a healer?" It was an accusation.. She turned away from him and them and went on up the hill in the gathering darkness. As she went. She left him standing at the waymeet, on the level ground, and walked up the hill path for a book, and while doing so, happily discovered a very old one in the Archives in Havnor.. "War?". Iria fell into a screaming rage. "A village witch? A hex-hag to give Irian's daughter her true. She stared at him with those strange eyes, as unreadable as a sheep's, he thought. Then she burst out: "You lived there? You studied there? Do you know the Archmage?" to O Port. I was spared alone from drowning, last night, when a witchwind struck." He was silent. He looked about, curious and wary. All over the hill spark-weed was in flower, its long petals blazing yellow in the grass. Children on Havnor knew that flower. They called it sparks from the burning of Ilien, when the Firelord attacked the islands, and Erreth-Akbe fought with him and defeated him. Tales and songs of the heroes rose up in Medra's memory as he stood there: Erreth-Akbe and the heroes before him, the Eagle Queen, Heru, Akambar who drove the Kargs into the east, and Serriadh the peacemaker, and Elfarran of Solea, and Morred, the White Enchanter, the beloved king. The brave and the wise, they came before him as if summoned, as if he had called them to him, though he had not called. He saw them. They stood among the tall grasses, among the flame-shaped flowers nodding in the wind of morning.. soft thrilling. There was no fault, only the great innocence. No need for words. They would not. Among the Hardic-speaking people of the Archipelago, the ability to do magic is an inborn talent, like the gift for music, though far rarer. Most people lack it entirely. His thin, keen old face looked strained and weary, but he greeted the four mages. wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green. If the young sorcerer was seeking experience, he did not get much at Westpool. Whenever Birch had guests from Kembermouth or from neighboring domains, the herd of deer, the swans, and the fountain of golden wine made their appearance. He also worked up some very pretty

fireworks for warm spring evenings. But if the managers of the orchards and vineyards came to the Master to ask if his wizard might put a spell of increase on the pears this year or maybe charm the black rot off the Fanian vines on the south hill, Birch said, "A wizard of Roke doesn't lower himself to such stuff. Go tell the village sorcerer to earn his keep!" And when the youngest daughter came down with a wasting cough, Birch's wife dared not trouble the wise young man about it, but sent humbly to Rose of Old Iria, asking her to come in by the back door and maybe make a poultice or sing a chant to bring the girl back to health..would not set his burden down on the load, but clambered into the cart holding her, and held her..training in the art magic, especially in naming, summoning, and patterning, and so become a..So they talked, that long winter, and others talked with them. I think there's an evil in us, in humankind. Trust denies it. Leaps across it. Leaps the chasm. But it's there. And everything we do finally serves evil, because that's what we are. Greed and cruelty. I look at the world, at the forests and the mountain here, the sky, and it's all right, as it should be. But we aren't. People aren't. We're wrong. We do wrong. No animal does wrong. How could they? But we can, and we do. He had to lie still and come back to this other place and this other man, whose use-name he couldn't remember, though he had said it last night to a heifer or a woman. He knew his true name but it was no good here, wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green land lying down before him cut with rivers, shining with waters. A cold wind blowing. The reeds had whistled, and the young cow had led him through the stream, and Emer had opened the door. He had known her name as soon as he saw her. But he must use some other name. He must not call her by her name. He must remember what name he had told her to call him. He must not be Irioth, though he was Irioth. Maybe in time he would be

another man. No; that was wrong; he must be this man. This man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not get out of it yet. He drowsed a while, drifting away from Irioth.. "Got you," the old man said, looking down at the muddy, lax body. He added, "Too late," regretfully.
