They should have left well enough alone in this case. Color instead of b&w, a big city for the claustrophobic small town, and six chases for every one in the original did not make it better, just bigger..Here comes the second reason, then. There's an evolutionary advantage to sexual reproduction that more than makes up for all the inconveniences.* In cloning, the genetic contents of new organisms remain identical with those of the original organisms, except for occasional mutations. If the organism is very efficiently adapted to its surroundings, this is useful, but it is an extremely conservative mechanism that reduces the chance of change.
