thriving. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain. Dragonfly peered close at Rose's work. Rose brought out a maggot, dropped it, spat on it, and probed again. The girl leaned up against the ewe, and the ewe leaned against the girl, giving and receiving comfort. Rose extracted, dropped, and spat on the last maggot, and said, "Just hand me that bucket now." She bathed the sore with salt water. The ewe sighed deeply and suddenly walked out of the yard, heading for home. She had had enough of medicine. "Bucky!" Rose shouted. A grubby child appeared from under a bush where he had been asleep and trailed after the ewe, of whom he was nominally in charge although she was older, larger, better fed, and probably wiser than he was..could stab her with..Hemlock's rune, which had two meanings: the hemlock tree, and suffering..She'd have thought being King in Havnor wasn't good enough for him..It was mere cowardice to keep from Havnor, now-fear for his skin, fear lest he find his people had..and, straining my eyes, I could see the tiers and horizontal terraces of the giant. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did..He stood tongue-tied. After a while she looked up at him. "No," she said in a soft, quiet voice, "I don't think it's true. I think all the true powers, all the old powers, at root are one." "Said he thought he'd better keep the doors," said the Herbal. Three hens came clucking and pecking around the dusty dooryard, a red, a brown, a white; a grey hen was setting her clutch in the henhouse. There were no chicks, and no sign of the cock, the King, Heleth had called him. The king is dead, Ogion thought. Maybe a chick is hatching even now to take his place. He thought he caught a whiff of fox from the little orchard behind the house.."Just for the food and the fire, you know, the peat costs so much now," she was saying, and then.will that hurried his steps..This time the Doorkeeper nodded. Might Diamond go (as his mother's uncle had gone) to the School of Wizards on Roke Island? Might he (as that uncle had done) gain glory for his family and dominion over lord and commoner, becoming a Mage in the Court of the Lords Regent in the Great Port of Havnor?
