off with great conviction. "You knew when my license would expire, and you've just been stringing me." "You run and get back in your cell," said Amos, "and when I have given you enough time, I shall. Tharsis Base sat on a wide ledge about halfway up from the uneven bottom of the Tharsis arm of the Great Rift Valley. The site had been chosen because it was a smooth area, allowing easy access up a gentle slope to the flat plains of the Tharsis Plateau, while at the same time only a kilometer from the valley floor. No one could agree which area was most worthy of study: plains or canyon. So this site had been chosen as a compromise. What it meant was that the exploring parties had to either climb up or go down, because there wasn't a damn thing worth seeing near the camp. Even the exposed layering and its areological records could not be seen without a half-kilometer crawler ride up to the point where Crawford had climbed to watch the sunrise..somewhere nearer than you thought." .III. I drove home reflecting what pleasant and restful company she was. A man could do far worse. I let myself into number seven with the master key. The drapes were closed, and so I took a chance and turned on the bathroom light. Detweiler's possessions were meager. Eight shirts, six pairs of pants, and a light jacket hung in the closet. The shirts and jacket had been altered to allow for the hump. Except for that, the closet was bare. The bathroom contained nothing out of the ordinary? just about the same as mine. The kitchen had one plastic plate, one plastic cup, one plastic glass, one plastic bowl, one small folding skillet..She considered the accusation. "I wouldn't choose her for a friend. I think she's insipid and gutless. She could have sent Teddy on his way with a few polite words instead of making an incident of it. Still, I think I pity rather than dislike her. Don't I let myself get sucked into looking after her like everyone else? That sweet, yielding, dependency is no more than what her father trained into her. It's the Senator I dislike." She snorted. "Imagine a contemporary man with a nineteenth-century taste in women. No wonder my mother left him." She began dancing again..which is the other thing (besides pleasure) art ought to provide.
