When he looked up at her, Hinda could not bear the twin wounds of his eyes. She turned away and said, "You may go out now. It is safe. He will not hunt you again." By the end of July he had refined and miniaturized the device and had extended its sensitivity range into the infrared. He spent most of August, when he should have been on vacation, trying various methods of detecting sound through the device. By focusing on the interior of a speaker's larynx and using infrared, he was able to convert the visible vibrations of the vocal cords into sound of fair quality, but that did not satisfy him. He worked for a while on vibrations picked up from panes of glass in windows and on framed pictures, and he experimented briefly with the diaphragms in speaker systems, intercoms and telephones. He kept on into October without stopping and finally achieved a system that would give tinny but recognizable sound from any vibrating surface? a wall, a floor, even the speaker's own cheek or forehead. After that, Swyley had been declared "maladjusted" and transferred to D Company, which was where all the misfits and malcontents ended up. Now his powers returned magically only when no officers were anywhere near him except for Captain Sirocco, who ran D Company and didn't care how Swyley got his answers as long as they came out right. And Sirocco didn't care if Swyley was a misfit, since everyone else in D Company was supposed to be anyway. shocking sight than Lou.
